## EDUCATION

### Graduation

Indira Gandhi National Open University

06/2022 - 06/2025

New Delhi -India

Courses

- Bachelor of Computer Applications

### Diploma

Government Industrial Training Institute Pusa.

06/2022 - 06/2023

New Delhi -India

Courses

- Computer Hardware & Networking Maintenance

### Certificate

Ducat institutions

01/2024 - 09/2024

New Delhi -India

Courses

- MERN Full Stack Development

## WORK EXPERIENCE

### Hardware Ram Engineer

Consistent Infosystems Private Limited

04/2023 - 09/2023

New Delhi -India

Achievements/Tasks

- Improved system uptime by 20% through predictive maintenance.
- Enhanced reliability predictions by 15% using data analysis models.
- Reduced recurring failures by 25% via root cause analysis.
- Increased system availability by 10% with automated monitoring.
- Achieved 98% compliance with reliability standards.

## SKILLS

MongoDB

HTML

React.js

Node.js

Express.js

Javascript

ECMAScript

SQL

Non SQL

c/c++

Data Structure & Algorithms

Java

Postman

Redux-toolkit

Git/Github

## PERSONAL PROJECTS

### E-Commerce Website (MY-SHOP)

- Front-End Development:**Technologies: HTML, CSS, JavaScript (ES6+), React.js, Bootstrap
- Accomplishments:**Developed responsive and interactive user interfaces using Reactis, ensuring a seamless user experience across various devices Leveraged CSS and Bootstrap to implement modern design principles, creating visually appealing layouts and components • Version Control:Tools: Git, GitHub

### Web Chat Application (ChatterBox)

- Technologies:** HTML, CSS, JavaScript (ES6+), React.js, Redux-toolkit, Bootstrap.
- Responsive UI:** Developed a user-friendly, responsive interface for a chat web application using React.js, ensuring seamless performance across various devices.
- Database Integration:** Managed chat data with MongoDB, ensuring reliable storage and retrieval of messages, user information, and chat history.
- Back-End Logic :** Utilized Node.js and Express.js for efficient server-side logic, API integration, and handling of real-time data processing.
